

Public Meeting

Notice of Availability of Environmental Assessment (EA) and Public Meeting *Terminal E Renovation and Enhancements Project*

The Terminal E Renovation and Enhancements Project at Boston-Logan International Airport was developed by the Massachusetts Port Authority (Massport) in response to recent international airline requests to use new Group VI aircraft including the Airbus A380 (A380) for international travel from Europe, the Middle-East, and Asia. These aircraft hold more passengers than ever before and require more space for operations on the airfield and at the terminal. The Proposed Project will upgrade facilities at Terminal E and on the airfield to accommodate this larger class of aircraft.

WHAT: Informational meeting to discuss the project and the EA

WHEN: Tuesday, June 30, 2015 at 6:30PM

WHERE: Logan International Airport Rental Car Center
Noddle Island Community Room
15 Transportation Way
Boston, MA 02128

The EA is available for public review at the Boston, Revere, Everett, Chelsea, and Cambridge Public Libraries. An electronic copy of the EA has also been posted on Massport's website www.massport.com/environment/environmental-reporting. You may request a digital copy of the document via a CD, or have a paper copy mailed to you by contacting:

Mr. Thomas W. Ennis, Senior Environmental Planner at Massport
617-568-3546 or TEnnis@massport.com

Written comments can be sent to the FAA **by July 13, 2015** at the following address:

Mr. Richard Doucette
Federal Aviation Administration, New England Region
12 New England Executive Park Drive
Burlington, MA 01803
